

## You Can Be Cured.

No. 11 Cedar Terrace,  
Hot Springs, Ark., April 22, 1902.

When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was bed a week and sometimes ten days of every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and finally, I was unable to leave my bed at all.

A friend who was calling on me brought me a bottle of Wine of Cardui and was so kind to let me know that I told her that I would take it, please her.

I was surprised and pleased that before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.

*Etta Finnegan*

THUNDERBOLT, ST. ANDREW'S BOWLING.

## WINE-GARDUI

Mrs. Finnegan had little hope of relief because she knew that every time she had those spells of menstrual suffering with attendant bearing down pains she was weaker. And every month the pain was growing more severe.

But Mrs. Finnegan was cured by Wine of Cardui. She is now so well that there are few women who would not be glad to have the health she has. And any woman who has those dreaded bearing down pains can have the same relief.

You can be free from menstrual irregularities if you take this pure vegetable wine. Why don't you take it when you see what it has done for others? Secure a bottle of Wine of Cardui today.

Your druggist has \$1.00 bottles.

## LETTER FROM THE MISSOURI MASCOT

WONDERS WHY NO LIBERTY HAS  
BEEN GRANTED BLUEJACK-  
ETS IN FOUR MONTHS.

The following letter has been received by The Journal from the celebrated "Billy," the mascot on the battleship Missouri:

U. S. S. Missouri,  
Pensacola, April 10,

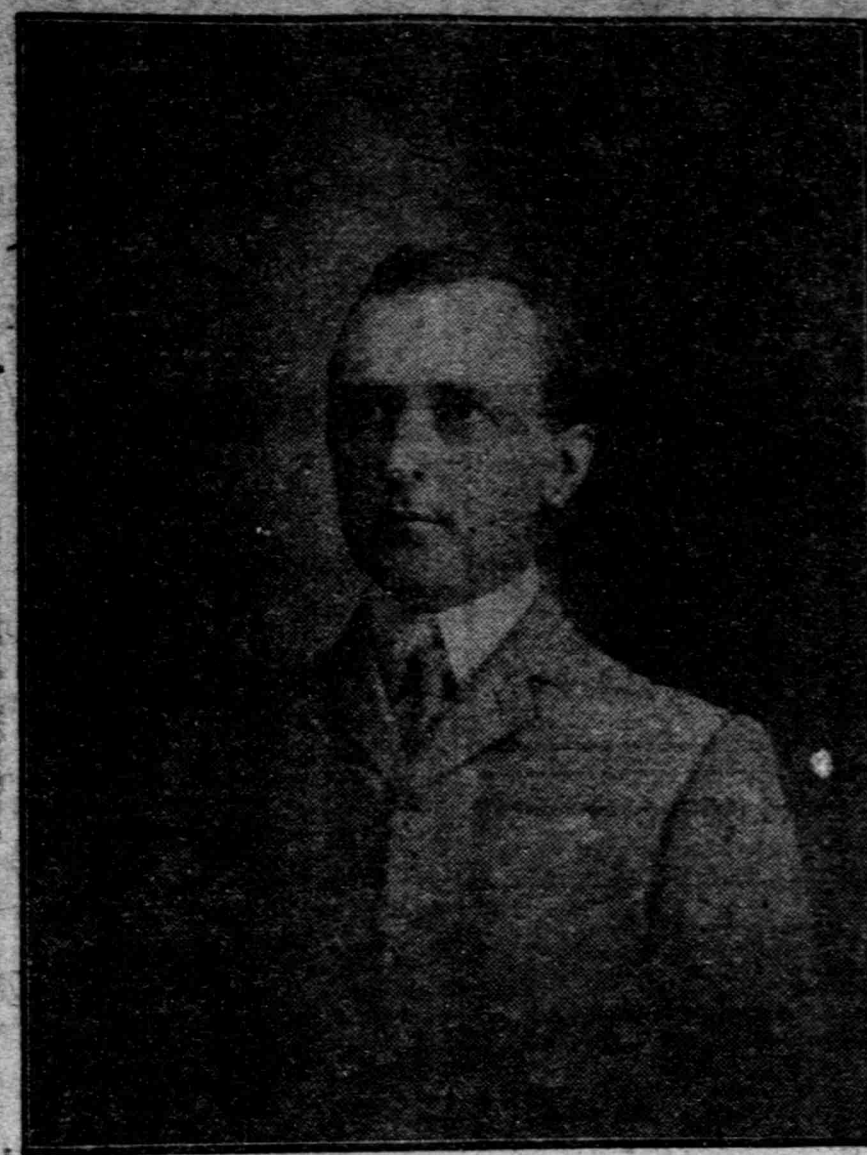

Editor Pensacola Journal:

I hope you will pardon this anonymous contribution to your paper, but I understand there is some curiosity existing in the city as to why the Missouri does not give liberty. Is it because we had liberty in Havana? Hardly, as the ships that accompanied us here sent liberty parties ashore. Is it because we, as a whole, have less capabilities along the line of self government etc., while on shore? I know of a few boys who have been fortunate enough to set foot on Terra Ferma off of the Missouri, and I believe they escaped being arrested as "suspicious characters." Then why are we denied the shore privilege that has been accorded our more fortunate ships?

We have been waiting patiently here almost two weeks now, and I feel confident in saying that a little shore leave would not be detrimental to our score in the record practice that awaits us.

One liberty in four months is hardly sufficient for an American citizen. Respect submitted.  
Our Mascot, "THE GOAT."

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

WALKING SKIRTS.	
MOHAIR SUITINGS.	WHITE LINEN WAISTINGS.
SILK AND LISLE GLOVES.	

Yours for Quality,

**W. J. & B. FORBES.**

## NAVAL NEWS OF INTEREST HERE

ITEMS FROM ARMY AND NAVY  
JOURNAL WHICH ARE OF LO-  
CAL INTEREST.

The following items from the Army and Navy Register, are of interest to Pensacolians:

"Record target practice of the ships of the North Atlantic Fleet began on time at Pensacola this week. Four ranges are being occupied at Pensacola, two of the large ships being stationed on each range, so that while one vessel is firing the officers of another vessel act as umpires. The smaller vessels are firing in St. Joseph Bay, one hundred miles from Pensacola, where they are protected from rough weather. There are two ranges at that place, one for the heavier of the lighter draft vessels and the other range for the smaller ships, such as torpedo boat destroyers. By this division of the fleet it is possible to carry on the work without interruption on account of the weather. Lieutenant Commander William S. Sims, inspector of rifle practice, and Lieutenant William K. Harrison, assistant inspector of rifle practice, attached to the bureau of navigation, will go to Pensacola to witness the practice. Lieutenant Riley McLean, the other assistant inspector of target practice, will remain in Washington, engaged in the final revision of the drill books of the Navy."

"Secretary Morton returned from the West Indies with a very favorable impression of the naval station at Guantanamo. He is in favor of the location on the naval reservation there of the ranges for small arms target practice by the crews of the naval ships. The great difficulty in providing places for this purpose at home has been the high price of the land, whether it was decided to purchase or lease the territory; and then, too, any ranges along the Atlantic coast would require much time for the force of the North Atlantic fleet to complete the work on the target ranges. At Guantanamo, however, Secretary Morton found, as already has been represented to him, that ample space existed for 50 or 75 ranges of various distances. It would be possible, he saw at once, for all the crews of 50 or more ships to complete their small arms target practice within a week. This is a desirable saving of time, and the work could be done while the vessels are in southern waters on their winter maneuvers, preceding, of course, the record target practice at Pensacola with the heavier guns."

### HEALTH IS YOUTH.

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 2, 1902: "I have used Herbine and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c a bottle.
